measure. Gen. Harvey explained some of the previous legislative activities relating to the proposed armory.

The need of an armory here was craphically told by Gen. Harvey, who outlined the present quarters, which he described as "fire traps." He reminded the committee that the present war has shown what may happen to munitions plants by fire, and quoted Brig. Gen. R. K. Evans, U. S. A., former chief of the division of militia affairs, who said, in speaking of the armory and armores here: "Any one with a 5-cent box of matches can destroy several hundred thousand dollars' worth of army equipment.

"The hill provides for an armory sufficient to house a brigade," sald Gen. Harvey, "and there is a great necessity for such adequate housing." He described the present jammed condition in the old building used by the two District of Columbia batteries and the signal corps company. He said the equipment in that one armory alone cost \$229,000. In reply to questions he said the National Guard here pays \$16,900 a year in rentals "for very inferior accommodations."

He said that it, is necessary to have athletic equipment, swimming pools.

Maj. Dapray Principal Speaker.

Maj. John A. Dapray, U. S. A., retired, is to be the principal speaker at the annual dinner of the alumni of St. John's College, to be held February 16. Maj. Dapray recently was designated as military instructor at the college. Others listed to speak are Rev. Charles Bart. Rev. Francis Bischoff. Rev. Francis Bischoff. Rev. Francis College, and that without these young men will not enlist freely. "In other states that have taken their militia seriously," he said, "enormous sums have been spent on armories, and the results prove the advisability. In the District of Columbia, where we have a strictly federal militia, we ought to have an up-to-date armory."

# TO CLOSE SANATORIUM

Power to Revoke License to Be De termined by the Courts.

Failure of the Chevy Chase Sanatorium close its doors yesterday, in accordance with an order of the District Commission ers revoking its license, will result in proceedings being instituted against the sanatorium in Police Court tomorrow.

Assistant Corporation Counsel Roger J Whiteford has been delegated by the Commissioners to begin the necessary legal proceedings, which are expected to develop into a long court fight.

Effective February 1.

Following an exhaustive investigation of the matter, the Commissioners, in the latter part of December. decided to revoke the license of the institution on the ground that it had been conducted in such a manner as to constitute it a nusiance to the residents of the neighborhood. This action followed complaints by Pinehurst and Chevy Chase residents. The sana-torium was given until February 1 to close its doors.

Seek Early Settlement.

Announcement of its intention to rethe Commissioners by the sanatorium through the law firm of Tucker, Kensentatives of the sanatorium informed the Commissioners that it was their desire to co-operate with the District's legal department in expediting adjudication of the controversy in the courts. They suggested that the initial action be brought in Police Court, but stated that they would co-operate with

### Nujol Will Help You Now Later it may be useless WHEN constipation has become so serious that an operation is needed-NUJOL will do no good. But if people recognized the seriousness of constipation in its early stages, there wouldn't be so many of these surgical cases! Nujol, which is nothing but a very carefully refined white mineral oil, is effective in nine out of ten cases of occasional or periodic con-

pation. However, such cases are not cured in a day or a week, especially when the intestinal tract has been weakened by the constant use of laxatives and cathartics. Nujol is not a drug, but a lubricant. It softens the intestinal contents and facilitates the processes of normal evacuation.
